

TUNG NGUYEN

Pacifica, California, USA | tung.nguyen23797@gmail.com

OBJECTIVE

Recent Computer Science graduate from SFSU seeking a software engineering internship. Equipped with hands-on experience from academic projects and self-directed work, I am eager to contribute in a dynamic environment.

EDUCATION

SAN FRANCISCO STATE UNIVERSITY | 2020 - 2023
Bachelor of Science in Computer Science: Cumulative GPA 3.1

San Francisco, CA

CITY COLLEGE OF SAN FRANCISCO | 2017-2020
Computer Science AS Degree - Transfer to SFSU

San Francisco, CA

Relevant Skills

- Web Development: HTML/CSS, React, NextJS, TypeScript
- Backend Technologies: NodeJs, ExpressJs, REST API, MySQL, Prisma, TRPC
- Cloud Platforms: AWS, Heroku, Vercel, PlanetScale
- Programming Languages: Java, C++, TypeScript
- Frameworks: Next.js, Express, Node
- Tools & Methods: Effective Googling

WORK EXPERIENCE

Web Developer (Self-Project)

San Mateo, CA / June 2023 - Present

- Initiated web development projects, utilizing technologies like TypeScript, Next.js, Express, and Node.
- Managed all stages of the web development lifecycle, from conceptualization to deployment.
- Continually integrated and experimented with the latest web development technologies.
- Developed a range of web applications, showcasing technical and problem-solving skills.
- Prioritized hands-on coding, debugging, and optimization for seamless user experiences.

ACADEMIC PROJECTS.

Human-Computer Interaction: Web app for SFSU student video chats. Used Javascript, React, Firebase, and 100ms.

<https://sfsu-study-partner.vercel.app/>

Software Engineering: Platform for sharing rental experiences. Used NodeJS, ExpressJS, MySQL on AWS.
